AQUALITY POOL & SPA

THE PROFESSIONAL'S #1 CHOICE

NATURAL CLEAR

NATURAL PRODUCT

Using natures natural clarifier CHITOSAN, 6 in 1 Natural Clear will not only help keep your swimming pool water clean and crystal clear but will also help remove chloramines, bacteria, suntan oils and body fats. Allowing your sanitizer to work more efficiently. Works with all filtration media and sanitizers including salt water systems. Natural, NON Toxic and 100% biodegradable. Designed in Germany.

Always check that your water is correctly balanced
pH 7.2-7.6, **Chlorine levels** 1-2 ppm, **Stabilizer** 30-80 ppm

DIRECTIONS

For best results, always maintain a regular backwash program or if you have cartridge filters, insure they are regularly cleaned as per manufacturer's instruction.

Depending on the volume of your pool (see chart below), add the required amount of Natural clear directly to the pool on a weekly basis. Heavy bather load may benefit with with dosing twice a week. This product cannot be overdosed as it will naturally biodegrade.

For swimming pools that have extremely heavy usage, such as Rental Villas, Communal Apartments, Hotels and water parks contact us at info@aqualitypoolcare.com regarding automatically dosing this product, to insure crystal clear pool water. We can offer you the perfect natural solution with incredible results.
